Release Information

Release Version: 23.2

Release Date: February 25, 2023

Introduction

This document describes the features and functionality of the Siterra 23.2 release. Enhancements have been made for the following components: **Assets**, **Bulk Object Updater (BOU)**, **Forms**, **Logs**, **Lookup Tables**, **Notes**, **Notifications**, **Permissions**, **Project**, and **Small Cell**.

Enhancements and Issues Resolved

Component	Reference	Summary
Assets	SP-25367	Now only parent assets appear at the site level and in the left navigation hierarchy.
BOU	SP-51205	We made performance fixes for Approval and Form type subtasks when saving in bulk.
BOU	SP-51246	<p>We made the following improvements to BOU:</p> <ul style="list-style-type: none"> • We renamed a button from Show more filters to More. • The grid now expands automatically on collapsing filters. • The Column Filter icon color now changes to blue if any filter is applied to a column. • You can now drag and drop any of the columns to rearrange their order. • Small UI changes. • When you click the search button, the filters collapse automatically. • Project Notes is now in a new position under Select Columns.
BOU	SP-51257	You can now expand any column in the grid. You can also right-click any column to freeze it, except for the banned columns.

Component	Reference	Summary
BOU	SP-51266	We optimized the GET task endpoint.
	SP-51330	
BOU	SP-51469	We fixed an issue that was preventing users from applying NA actions to some subtasks in bulk.
Forms	SP-43425	We fixed an issue that caused the Site option to change to Antenna or Asset in Object Type when editing a Site form. The option could be edited back to Site , but this was not the ideal solution.
Logs, Project	SP-32003	We fixed an issue that caused Status Log to pull the name of the user who last modified a status and include it into the Performed By column for the entry of the previous change.
Lookup Tables	SP-47235	We fixed an issue that generated the following error message when trying to edit Value , Order , or Hidden in Party Types from Lookup Tables : "Operation Failed Error. Please Try Again".
Notes	SP-35640	We fixed an issue that caused notes posted when the GMT time was on a different day to be logged on that day.
Notifications	SP-49773	We fixed an issue that caused notification emails to show single quotes (') from text EAs as double quotes (").

Component	Reference	Summary
Permissions	SP-51339	<p>With the new Edit Project Header Information permission set, it is possible to edit all the information of a project header.</p> <p>Administrators can use this option to limit user rights so they can only edit Forecast Dates and Lock and cannot edit any other project information.</p> <p>Users with existing Update permissions will have Edit Project Header Information permissions enabled by default.</p> <p>To allow a user to edit a project header, in addition to the Edit Project Header Information permission, an administrator must give the Update Permission to this user.</p>
Project	SP-50964	<p>We fixed an issue that caused Siterra to send three emails after rejecting a document.</p>
Small Cell	SP-38416	<p>We fixed an issue that caused projects to be deleted from a Hub when moving this Hub with projects to a new Parent Site and deleting the original Parent Site. All documents in the projects were also deleted.</p>
