Release Information

Release Version: 23.4
Release Date: July 8, 2023

Introduction

This document describes the features and functionality of the Siterra 23.4 release. Enhancements have been made for the following components: **BOU**, **Events**, **Sites**, **Finance Manager, Import/Export**, **Payments**, and **Task**.

Enhancements and Issues Resolved

Component	Reference	Summary
BOU	SP-52110	BOU now allows you to clear the manual date for all tasks/subtasks completed via filling in the manual date.
BOU	SP-52245	Now, under **Save Views**, you can save frozen columns and column filters.
Events, Sites	SP-52325	We fixed an issue that caused Siterra to send an operation failure message when changing a status field under child **Events**.
Finance Manager, Import/Export	SP-52104	We created a new feature that provides you with the ability to export selective payment lines based on the selection. When you select the **export payment lines** option, only the selected payment lines in the system get exported.
Payments	SP-52577	We fixed an issue that prevented access to some leases even though you had access to the lease and its payments.
Task	SP-49501	We fixed an issue that prevented users from unlocking the **Task Date** on certain tasks.
